How to print the poster easily without moving

Through the web enabled for the printing of congress posters

www.postereucap2022.com

Accessing this website and following the steps you can send us your poster and make the payment by credit card in secure platform of Caixabank.

1

Send us your file

As soon as we receive your PowerPoint file (PPT or PPTX) or PDF configured to print size (130x80 cm. landscape) and, after a revision of the configuration of your poster, we will begin the printing process. If we detect any problem on the file, we will contact you via email or through the telephone number you provided when filling out the application form.

2

Printing process

We print your posters with photographic quality on 150 grs. matt coated paper. This way we avoid reflections caused by light when they are placed in the exhibition area of the congress

3

Pick up the poster in the Congress

After a new control and after verifying that it is correct, it will be identified and packaged and sent to the Congress venue so that you can pick it up upon arrival, indicating it at the registration desk.

No worries, no problems, with the peace and security of working with a company committed to the needs of professionals.
